Water Use Efficiency Annual Performance Report - 2019

WS Name: GRAHAM HILL MUTUAL WATER CO INC

Water System ID#: 28650 WS County: PIERCE

Report submitted by: Tim Tayne

Meter Installation Information:

Estimate the percentage of metered connections: 100%

If not 100% metered – Did you submit a meter installation plan to DOH?

Within your meter installation plan, what date did you commit to completing meter installation?

Current status of meter installation:

Production, Authorized Consumption, and Distribution System Leakage Information:

12-Month WUE Reporting Period 01/01/2019 To 12/31/2019

Incomplete or missing data for the year? No

If yes, explain:

Total Water Produced & Purchased (TP) – Annual volume gallons 28,023,835 gallons

Authorized Consumption (AC) – Annual Volume in gallons 27,696,286 gallons

Distribution System Leakage – Annual Volume TP – AC 327,549 gallons

Distribution System Leakage – DSL = $[(TP - AC) / TP] \times 100 \%$ 1.2 %

3-year annual average - % 5.2 % 2017, 2018, 2019

Goal-Setting Information:

Enter the date of most recent public forum to establish WUE goal: 09/27/2014

Has goal been changed since last performance report? No

Note: Customer goal must be re-established every 6 years through a public process.

Customer WUE Goal (Demand Side):

To maintain per capita daily use at 20% or better below the National average.

Customer (Demand Side) Goal Progress:

Through public education we have been able to reduce the total customer daily average since 2018.

Additional Information Regarding Supply and Demand Side WUE Efforts

Describe Progress in Reaching Goals:

- Estimate how much water you saved.
- · Report progress toward meeting goals within your established timeframe.
- Identify any WUE measures you are currently implementing.
- If you established a goal to maintain a historic level (such as maintaining daily consumption at 65 gallons per person per day for the next two years) you must explain why you are unable to reduce water use below that level.

The following questions will help DOH better understand water usage, water resources management and drought response. The data will be used to provide technical assistance, not for regulatory purposes.

All questions are voluntary

Month	Date of Measurement	Static Water Level (feet below measuring point)	Dynamic Water Level (feet below measuring point)
January			
February			
March			
April			
May			
June			
July			
August			
September			
October			
November			
December			

Water level data:

Please provide the following information (if known) to help us better utilize the water level data.

Well tag Id number:

Well depth:

Water level accuracy (within 0.01 ft < 1 ft \sim 1 ft)

Completion type (e.g., cased open interval, cased open-ended, cased open-ended with perforations, etc...)

Location coordinates (latitude, longitude) and accuracy of the coordinates (< 1ft, ~1ft, >1000ft)

Water level parameter name (e.g. depth below measuring point, depth below top of casing, depth below ground surface)

Elevation of top of casing OR elevation of measuring point if different than top of casing (as specified in question 7)

Monthly/Seasonal Water Usage:								
What was you	ır maximum d	aily water demand f	or the previous year	r (in gallons per	day)?			
Month	Volume of	Water Produced in	n gallons					
January								
February								
March								
April								
May								
June								
July								
August								
September								
October								
November								
December								
Water shortag	ge response:							
Did you activa	ite any level o	f water shortage res	sponse plan the pre	vious year?				
□ Ye	s 🗖 No		☐ There was no i	need to				
If you activate	ed a water sho	ortage response plar	n the previous year,	what level did y	ou activate? (Check all that apply)			
□ Ac	Advisory Conservation		□ Voluntary Cons	servation				
Mandatory Conservation		□ Rationing		☐ Other				
What factors	caused your v	vater shortage the p	revious year?					
□ Dr	ought	☐ Fire	□ Landslides		☐ Earthquakes			
□ Flo	oding		mitations		□ Other			

Do not mail, fax, or email this report to DOH
